

# SAVANOL F-10

Biodegradable-ecologic,non-ionic poly condensate compounds free of solvents

## FEATURES

Property	Value
Appearance	Colourless clear liquid
Active Substance	30+-2
pH	8+-0,5 Sol.10% Non-ionic
Shelf Life	18 months in original container

## CHARACTERISTICS

- \*Very good water solubility.
- \*Quick and deep deliming action.
- \*Can be used alone.

## APPLICATION

Delime Fk can be used every kind of leather the price is reasonable for tannery application. Delime FK gives good surface cleanliness, with a easy penetration power it removes combined and free limes from the pelt without giving any fibre defect.Given much fuller flanks comparing with ammonium salt delimed leather if added small quantity of metabisulphite stops unwanted gases. Delime FK Can be used in a short float without having any problems. The quantity must be adjusted according the type and the condition of the leather. The quantity varies 1-2% on the fleshed weight.
